

## Tia 20" Mother of Pearl Nightstand

SKU: TOV-B54952

The Tia Nightstand is what happens when artisan craft meets bedroom chic. Hand-applied mother of pearl shell inlay wraps the surface in a luminous striped mosaic, each piece of shell catching the light differently depending on the hour, the angle, the mood of the room. No two are exactly alike, which is exactly the point. A single drawer keeps your nighttime essentials tucked away while the open shelf below invites a curated stack of books, a woven basket, or your favorite bedside objects styled just so. Built on a solid wood internal frame and finished with a protective resin topcoat, the Tia is as durable as it is beautiful. Its compact footprint makes it just as at home in a light-filled primary bedroom as it is in a cozy guest room or a stylish urban apartment. Understated in scale, anything but ordinary in presence.
