

Twist Accent Table Black

A unique twist on home décor. With an artistic look that blends contemporary and retro appeal, this two-tone accent table is cast in aluminum with a twisted shape and a black and brass finish. A versatile piece, Twist serves as a stylish accent table, occasional stool or statement design for your botanical arrangements.

- **Sculptural Twisted Form:** A spiraling base creates a profile that changes with every angle, turning a simple square top into a contemporary design piece worth circling.
- **Two-Tone Finish:** Black and antique brass tones play off each other across the twisted surface, adding depth and visual contrast that rewards a second look.
- **Lightweight Aluminum:** Cast in aluminum for a solid feel without the heavy lift, making it easy to move between rooms or reposition as the layout changes.
- **Stain-Resistant Surface:** Handles everyday spills and marks without absorbing them, keeping the black and brass finish looking clean and intentional with minimal effort.
