

## Twist Accent Table Brass

This twisted, two-tone accent table is cast in aluminum with a black, antique brass finish. Ideal as a stylish accent table, as an occasional stool, or a statement design for your botanical arrangements.

- **Sculptural Twisted Form:** A spiraling base creates a profile that changes with every angle, turning a simple square top into a contemporary design piece worth circling.
- **Two-Tone Finish:** Black and antique brass tones play off each other across the twisted surface, adding depth and visual contrast that rewards a second look.
- **Lightweight Aluminum:** Cast in aluminum for a solid feel without the heavy lift, making it easy to move between rooms or reposition as the layout changes.
- **Triple-Duty Versatility:** Works as an accent table, an occasional stool, or a pedestal for plants and decor, flexing to whatever the room needs at the moment.
