

Vaila Framed Painting

Cool gray and white washed loose across the canvas for a calm, meditative feel. Layers of expressive brushwork add subtle depth, giving the Vaila a soft, atmospheric quality you can settle into. A slightly darker band along the lower edge reads like a horizon, a minimal landscape without ever turning literal. Acrylic on canvas, framed in solid white wood—quiet, open, and easy to live with.

- Serene Abstract: Cool gray and white in loose, expressive brushwork create a calm, meditative abstract with a soft, atmospheric mood that settles a room.
- Layered Acrylic: Layers of acrylic brushwork on canvas add subtle depth and texture, giving the piece an open, considered, hand-painted feel.
- Subtle Horizon: A slightly darker band across the lower canvas suggests a horizon, a minimal landscape feel that stays soft rather than literal.
