

Walden Lounge Chair Brown Hair On Hide

Low-slung, deep-seated, and in no hurry to get up. Genuine brown hair on hide leather gives the Walden lounge chair organic warmth and texture, while solid oak legs add architectural support and a mountain-modern edge. Plush foam and fiber fill over a plywood frame makes the deep seat one to sink into. Sculptural from across the room, lived-in up close—it's the chair you'll claim as yours.

- Low-Slung Lounger: A sculptural, low profile reads modern from across the room and settles into a relaxed, lived-in stance up close, comfortable from any angle.
- One Of A Kind Hide: Genuine brown hair on hide leather brings organic warmth and natural variation, so every chair wears markings all its own.
- Solid Oak Legs: Solid oak legs add organic warmth and architectural support, grounding the chair with a mountain-modern edge that reads modern and feels rooted.
- Made To Lounge: Plush foam and fiber fill over a plywood frame gives the deep seat lasting comfort designed for genuine, sink-in lounging.
