

Watson Nightstand Brown

The Watson nightstand is a refined blend of organic charm and modern sensibility. The clean, contemporary aesthetic resonates through its use of live-edge detail on solid Acacia, while thoughtfully rounded edges and a lessened wooden slab thickness amplify its appeal. Two spacious drawers are fitted with side-mount metal ball-bearing glides and safety stops for a smooth, seamless feel.

- Solid Acacia with walnut finish & finished MDF back
- 2 drawers with side mount metal ball bearing glides & safety stop
- Due to the nature of natural, live-edge wood, please expect variations in the appearance of each unique piece
