

Wunder Coffee Table Black

Ancient inspiration meets design innovation. Strikingly dark, the Wunder coffee table takes a monolithic statement into a low-profile silhouette to keep your space strong. A round concrete tabletop is perfectly matched by the organic texture and sturdy support of solid acacia legs, the bold design offset by soft rounded edges. Wonderfully versatile, this coffee table wouldn't look out of place in a modern apartment or the hanging gardens of Babylon. Consider it mid-Mesopotamian modern- or feel free to consider it the bold new centerpiece for your living space.
