Yale Sideboard Black

A sideboard that takes the long way across the room. Solid acacia wraps the front and sides in natural grain, giving the Yale a low, grounded stance with clean, minimalist lines. Two drawers and interior shelving keep glassware, linens, and serveware close at hand, while the wide top opens up as a serving surface for gatherings. Wide enough to serve, smart enough to stow — and it shows up ready to use.

- Long, Low Profile: A wide, minimalist silhouette sits low and stretches across the dining room, anchoring the space with clean lines and a grounded, modern stance.
- Solid Acacia Front: Solid acacia wraps the front and side panels, carrying natural grain and a warm black finish that brings depth and wood character to the room.
- Storage and Serving: Two drawers and interior shelving keep linens, glassware, and serveware organized and close, while the wide top doubles as a serving surface for gatherings.
- Holds Up to the Everyday: A stain-resistant surface shrugs off spills and wear, keeping the sideboard looking clean and considered through years of regular use.
